
ACCREDITATIONS & LICENSES

Goodwill Industries of Northwest North Carolina, Inc. is CARF accredited and works under a philosophy of continual improvement of service quality and delivery. These programs and services include Ability Services which include Community integration, comprehensive vocational evaluation, employee development services, and community employment services. These services are programs are described in more detail below.

Goodwill is also licensed by the NC Division of Health Service Regulation for the provision of day habilitation services.

Goodwill's Mission

We create opportunities for people to enhance their lives through training, workforce development services and collaboration with other community organizations.

Goodwill's Vision

We will be satisfied only when every person in northwest North Carolina has the opportunity to participate fully in all aspects of a productive life.

Ability Services Program Overview

Ability Services provides assistance including job placement strategies to persons with disabilities. The services are individualized and include comprehensive vocational evaluation, employee development skills, and community employment services.

Program Description and Expectations: Comprehensive Vocational Evaluation

Comprehensive Vocational Evaluation includes vocational assessments, interest inventories, career coaching, and identification of career goals and training needs on an individual basis. It is expected that individuals completing comprehensive vocational evaluation will exit this phase with an individual vocational evaluation assessment report to help guide their next program steps either within Goodwill or through other referral sources.

Service Locations

Forsyth County Workforce Development Center
2701 University Parkway
Winston-Salem, NC 27105
336-724-3621
Monique Wagner: mwagner@goodwillnwc.org

Days/Hours/Frequency of Service

Comprehensive Vocational Evaluation Services are provided by appointment and offered Monday through Friday from 8:00 a.m. to 5:00 p.m. The service is offered on an ongoing basis to meet individual needs.

Populations Served and Referral Process

Comprehensive Vocational Evaluation Services are provided for individuals with disabilities that enter the Ability Services Program. Individuals may participate in the service based on a referral from the NC Division of Vocational

Rehabilitation, Veteran partnership agencies, other community agencies, or by self-referral to the program. There are no fees to the participants in these services.

Program Description and Expectations: Community Employment Services

Community Employment Services are also provided under the umbrella of Abilities Services. It is designed to help individuals move into competitive employment in their communities. It provides the connection to employment opportunities and continued support after job replacement. The continued support is provided to help individuals retain employment and build skills after employment. In some situations, a job coach may be provided to temporarily assist a participant on the job. It is expected that individuals in this program will learn the skills to obtain and maintain employment.
