<p>Mock Interviews: Appointments available by request. Please contact the Center to reserve a time so we can prepare interview questions and other resources related to your desired job and/or industry.</p>				

- * Participants do not have to sign up for resume days. On days that are not a “Resume Building” day, participants can still work on their resumes independently and receive some assistance on updates depending on what is scheduled in the Center that day. With our expanding schedule, we have limited ability to provide personalized resume assistance outside of the designated times.
